A Big Cotton Scheme.

Mr. George F. Washburn, Thinks he has Conceived a Practicable Plan for Uniting the Cotton Planters of this Country in a Big Fifty Million Dollar Combine.

Boston, July 30.—George F. Washburn, of this city, president of the Commonwealth Club of Massachusetts, sailed for Europe today on a mission to inquire into the co-operative methods of various bodies in England, Belgium and Switzerland, with a view to the formation of a fifty million dollar cotton combination in this country. According to an interview with Mr. Washburn he has worked out a plan to unite the cotton producers of the South into one great co-operative trust, with headquarters at St. Louis and central ware houses in Memphis. He said he had been selected for this mission because of the special study he had made of co-operation from a business man's standpoint, and that in his judgment the only way to meet the capitalistic cotton and wheat trusts was to organize better and bigger ones in the interest of the producer. Mr. Washburn said that the application of the idea to the cotton industry was made because the planters, being men of means, can unite in a co-operative business movement and effect tremendous saving to themselves. Mr. Washburn, who in two national campaigns was a national executive committee member of the People's party, was asked if his plan had any political significance, and he said only in so far as it was successful, and in that case it would have a far-reaching effect along political lines in the West and South.

The widow of Col. Robert G. Ingersoll has just brought suit to recover a balance of \$95,000 owing on a fee for legal services performed by the colonel shortly before he died. He had been retained in a will case involving \$8,000,000, the understanding being that he should receive \$100,000 if he won the case. He received \$5,000 on account, won the case, and died. The client has failed to pay the remainder, and the widow is suing.

What is Said in New York of M'Laurin.

By I. K. Blackman.

Special to Greenville News.

New York, July 30.—In a leading editorial, The New York Times this morning discusses with marked ability and fairness the recent action of the South Carolina Executive Committee, under Tillman's orders, in declaring Senator McLaurin outside of the democratic party.

In concluding The Times says: "Meanwhile, however, in reading Senator McLaurin out of the democratic party, the South Carolina State committee has given political independence a powerful stimulus. The result will be a great increase in the republican vote on national issues, which may make the position of South Carolina in the democratic column very doubtful.

"The growing manufacturing interests of the State are helping to shape public opinion on new lines and prosperity is not nearly so alarming as it seemed a few years ago. Mr. Tillman is by no means as influential a leader as he once was and the future may have some surprises in store for him which will have a chastening and subduing effect upon his temper and ambition.

"The South Carolina Democrats have made a political mistake. At a time when wiser party leaders are relegating Bryanism and Populism to the limbo of discarded rubbish, they have rejected the only man in their organization who could have held for their party, the independent vote which now threatens to disrupt it. Of such is Tillman's wisdom.

This is wholesome reading for the democracy of South Carolina, coming as it does from the leading democratic newspaper of the metropolis of the country and it is fair to say it represents the sober thought of all old time democrats throughout the country.

Conference in Columbus.

Proved to be a Small Affair—Nominated State ticket—The Financial Plank.

Columbus, O., July 31.—A State convention of advocates of free silver and other issues not covered in either the Democratic or Republican State platforms, met here today. The attendance was small.

A call for this convention was issued immediately after the recent Democratic State convention by George A. Groot of Cleveland and others.

Groot acted as temporary chairman of the convention when it was called to order in the parlors of one of the hotels. Abner L. Davis acted as temporary secretary. Chairman Groot reviewed the conditions that brought about the movement. He insisted that it was not brought about solely by "Bryan Democrats, but by all those who advocated free silver and are opposed to both old parties as at present organized and controlled.

The platform adopted at the Cleveland Conference of July 17, and which has been circulated by mail, was endorsed. This document reaffirms the Kansas City platform, endorses Wm. J. Bryan and declares for the free coinage of silver. It also includes the following plank.

"We demand that all money that is manufactured to be used in this country as a medium of exchange, whether it be gold, silver or paper, shall be coined by the government and distributed among the people without the intervention of banks, and that every dollar of it shall be a legal tender for all debts, public and private."

The following ticket was non-nominated:

Governor—Dr. Rudolph Reemling.

Lieutenant Governor—Henry C. Cordery.

Supreme Court Judge—Rial M. Smith.

State Treasurer—J. C. Shepard.

Attorney General—S. L. Clark.

Clerk of Supreme Court—Chas. Connell.

Member of the Board of Public Works—R. B. Connell.

It was decided to call the new organization "The Progressive Democratic Party."

A State executive committee of nine members was selected with George A. Groot as chairman and Bernard Hubert as secretary and this committee spent the evening arranging for campaign work.

Two Women and a Man Lynched.

Mother, Son and Daughter Charged With Murder of the Taliaferros—A Judge Pleaded in Vain.

Carrollton, Miss., Aug. 1.—The murder of Mr. and Mrs. Taliaferro culminated to-night in the lynching of Bessie McCray, her son, Belfield McCray and daughter, Ida McCray, all colored.

The mob was composed of about 500 white citizens of Carroll county, who marched to the jail in order, demanded the keys from jailer Duke, proceeded to the cells of the unfortunate negroes, bound them by the neck and hands and carried them to the corporate limits of the town, where they hung them to a tree by the public roadside and riddled their bodies with bullets.

The mob resisted the earnest appeals of Judge W. F. Stephens and Hon. W. S. Hill, who stood on the steps of the jail and appealed to the mob in the name of law and order. They even followed the mob to the cell doors with their arms around the necks of the leaders, pleading to let the law take its course, but with no effect.

Ida McCray confessed to the knowledge of the murder, and stated that her mother Bessie and Brother Belfield helped commit the murder. She further implicated others who will probably meet a like fate. Bessie McCray refused to make any statement.

Gov. A. H. Longino arrived on the scene by special train from Jackson just a few minutes after the hanging.

A Georgia Tax Collector is Short \$34,249.

Rome, Ga., July 31.—V. T. Sanford, tax collector of Floyd county, was indicted by the grand jury this afternoon upon charges of embezzlement. It is alleged in the indictment that Sanford is short \$34,249; \$15,423 being due the State of Georgia and \$18,823 to Floyd county. A guarantee company of Baltimore is on Mr. Sanford's bond for \$125,000. The bond company claim they are not liable for the reason that the county authorities were negligent in checking Mr. Sanford's books. Mr. Sanford has held the office four years and has been prominent in local State politics.
